11th Anniversary Edition

Welcome to Oakland Yard Athletics Summer Camps 2006

We are incredibly excited about celebrating our 11th season of Summer Adventure Camps. With a seasoned staff, new programming, a beautiful 10-acre campus and 11 years of experience, we anticipate that 2006 will be the best year in our history.

We are always looking to improve our programming. As you read through our 2006 camp book, you'll find 11 brand new camp programs being offered. You also might notice that we've updated half a dozen other favorites, making them more interesting and fun for our campers. All new programs are listed and highlighted on page 30 in our summer camp scheduler for your convenience. As always, our staff is solidly committed to your children's safety, education and enjoyment.

When choosing your summer camps, please be sure to pay close attention to camps that run at off-site locations, transportation requirements, camper passports and our options for before and after care. All these options are clearly laid out in the following pages. We are offering transportation, for a small fee, between off-site camps and our before and after care programs. See page 7 for details. Once you have registered for our programs with our front desk, you can expect to receive a confirmation or campership packet in the mail.

Family Fun Night Series

(May through October)

This year we celebrate our 11th Anniversary of summer camps and we are excited to announce our 2nd Annual Friday "Family Fun Night Series". We have created five theme parties each with you in mind. We can promise you'll have a fun-filled evening featuring great food, bonfire, music, children's games, interactive inflatables, basketball, our challenging low ropes course and other sport-related activities. In case you didn't know, we have a wet and wild slip-n-slide and it's the largest one in the tri-county area. So pack your bathing suit and towel, bring your children, parents, neighbors and co-workers to Oakland Yard to enjoy a Friday evening with your "OYA Family"! The party starts at 6:00pm so don't be late! Seating is available on a first come, first served basis. Adult beverages are available on a cash bar basis from our "Tiki Bar".

You'll pay admission of only \$10.00 per adult and \$6.50 per child. This includes all of the above-mentioned activities including our buffet that will offer something for everyone, available from 6:00pm - 8:00pm. Featuring our popular fish fry, boneless/skinless chicken breasts, zoo animal chicken nuggets, hamburgers, hot dogs, steak fries, delicious salads, fruit and much more.

Schedule of Events

May 19: OYA Camper Open House

Admission to this event is FREE! This evening will kick off our summer camp season with our annual Camper Open House. Bring your children for an opportunity to meet our summer camp staff for the 2006 season and a chance to see all that our 10-acre facility has to offer. As always, campers attending Open House will receive a summer camp lunch with a choice of a hot dog or chicken nuggets free of charge. Parents can purchase our dinner buffet for only \$10.00 per person. The buffet will be open from 6:00pm to 8:00pm.

Mark Edwards, our Talent Camp Director will be DJing this kickoff to summer. Before the night is through, we will be raffling off summer camp gift certificates totaling \$1000!

June 16: Aloha OYA

Hula skirts, Hawaiian shirts, Lei's, Pina Colada's, Limbo... we'll transform the OYA campus to a Hawaiian Tropical Luau Party. Our very own DJ Mark Edwards will be master of ceremonies while playing the best music around. Later in the evening, sit back and enjoy Tinilau and his Tahiti Dancers as they take you on an exotic musical journey through the enchanting islands of the South Pacific and they will conclude with their famous Fire Dance performance.

Adults wear a Hawaiian Shirt and your first drink is on us! Children dressed in Hawaiian theme will receive a special surprise. Listen for your name to be called throughout the evening you may be the lucky winner of a summer camp gift certificate. We will be giving away a total of \$1000 in certificates!!!!

July 21: Friday Night Party Under The Stars

Why do we need an excuse to party in the summer? Bring your kids to OYA and let them run themselves to sleep. They'll have a chance to play on the slip-n-slide, jump on the inflatables, and participate in the organized games for kids in the beach volleyball courts. While you're relaxing on the patio enjoying an adult beverage, keep your ear tuned to our resident DJ Mark Edwards as he raffles away \$1000 good towards our 2006 or 2007 camps.

August 11: Back to School Party

Remember when you were prepping for going back to school? Well, lets party because we don't have to! Bring the kids and let them have a blast. They can run, eat, run some more, cool off on the slip-n-slide, and then run some more! With luck, you'll tell some old school stories to your friends over a cold one and your kids will fall asleep on the way home. Again Mark Edwards's will be spinning the tunes and entertaining everybody. Don't forget to enter our evening raffle for a 20-person Halloween Party package while you are here.

September 29: Halloween Party

Time to start getting geared up for the coolest holiday of the year, Halloween! We've teamed up with one of Detroit's premier Haunted House promoters to build both a Haunted Forrest and a Haunted Maze for little kids. All attendees at this Halloween Premier Party will be given open access to both the Haunted Forrest and the Haunted Maze.

This night of scary partying will include, bonfires, costume contests, free pumpkins for the kids, hot apple cider and donuts, music, and games.

OYA Passports

As security in today's world continues to be a concern, Oakland Yard Summer Camps is continuing our passport program to ensure that we are a leader in safety by providing a worry free place for parents to leave their children. To accomplish this, we will continue to issue camper passports to all campers. In addition to our passport security measure, we will ask that you park your car and come into our gated-area each day to drop off and pick up your child. Children will not be released into the parking lot without a parent/adult chaperone at the conclusion of camps.

How it Works

Campers will use their passport on a daily basis to check in with their respective counselors once they enter our campus through the front-gated area. Counselors will use this passport and the information contained therein as a quick reference for attendance and emergency information. Upon receipt of your child's passport, we request that you refer to the appropriate pages and fill in the required information with a pencil. If someone other than yourself will be picking up your child at the end of the day, it is imperative that you record this information in the passport. We understand that the protection of your privacy is important, therefore, we do not ask for your home address or personal information in the passport. Camper passports will be returned to each child at the end of the day when their parent checks them out with their counselor.

There is a one-time passport fee of \$5 per child regardless of the number of camps for which they are registered. This passport will never expire and can be used as long as the required photograph of your child is updated each year. Replacement of a lost passport is \$5.

Ice Cream and Candy Credits

Parents who want to pre-purchase ice cream and candy for the campers can do so for any amount they desire. Just fill in the registration box with the code on your application (see below) and write in the amount you want to purchase.

Why do this? It allows the kids to have a treat without carrying around cash, which they may lose. Our counselors will keep the passports safe during the day. Campers can redeem their credits after camp concludes at Noon and also at a predetermined time during lunch club and working parent.

If you are a new camper and we are sending you a passport, we will stamp your ice cream and candy page with the appropriate credits. If you are a returning camper and already are in possession of a passport, we will mail a stamped ice cream page to add to your passport.

Candy costs \$.75-\$1 and ice cream costs \$1-\$2.

Electronics

Oakland Yard is enforcing a new policy this year. All electronics (Gameboys, MP3 Players, etc.) will be prohibited. Many of these items are expensive and Oakland Yard Athletics cannot be held responsible for the loss or theft of these items. Additionally, our experience has shown us that these items create distractions for campers, who we encourage to participate in active and social activities.

OYA Extras

OYA Mail Call

As overnight campers, we loved getting care packages from mom and dad. Our day campers can experience this same thrill with our OYA Mail Call. We have our own official mailbox for you to deposit your letters, care packages and such into when you drop off your campers in the morning (without the expense of shipping). Kids are so excited to get the mail and it's a great way for you to let them know that you are thinking about them. Please be sure to drop off all packages no later than Wednesday morning. We will have Mail Call on Wednesday during our lunch club daily roll call. If your child is not involved in our lunch club program, deliveries will be made (to your child) on Thursday morning at the start of their camp. We will still be accepting your mail via the US Postal Service if you prefer to send it "officially". Please send all mail to Oakland Yard Athletics addressed in the following manner, with **ATTN: Mail Call** in the bottom right corner of the envelope.

Slip-n-Slide

From our youngest to oldest campers, our slip-n-slide has become an old favorite. Every child enrolled in a camp that takes place at Oakland Yard will get a daily opportunity to play on our gigantic slide. Measuring 150 feet in length and 20 feet in width, our amazing slide is even a hit with our counselors! Everybody that wants to cool off will get plenty of opportunities at a run down the slide this summer.

Campers should bring a towel and bathing suit to camp each day if they would like to use the Slip-n-Slide. Depending on the weather, each camp group will spend 10 to 15 minutes per day cooling off on the slide.

Your Children and Sunscreen

Please be advised that your child will be outside in the sun for a portion of the day for most camps while at Oakland Yard. We make all efforts to ensure that each and every child is protected with sunscreen while here under our care. **We ask that you help in this effort by applying sunscreen to your child before you drop them off in the morning.** If your child will be staying for an extended afternoon with our lunch club and/or working parent we will reapply sunscreen at the lunch time hour. To help with this, we ask that you send sunscreen with your child in a daypack and advise your children that their cooperation in reapplication is appreciated and necessary.

Rain Day Policy

In the event of rain, Oakland Yard campers will participate in an indoor field day with all of the campers from all camps inside the dome. Although campers will be welcome to stay for the day when it rains, they may be asked to participate in activities other than the camp for which they have registered. There will be a variety of activities offered throughout the morning such as capture the flag, kick ball, soccer, and football to name a few. We understand that many parents rely on Oakland Yard Camps to care for their children while they are at work. Please be assured that we will never turn your child away on a rain day. We just ask that you are aware that your child's day may not revolve around the activities for which they have enrolled. That is, if they have enrolled for golf for the week, they will not be golfing on the rain day. Camps that generally do go about their business on rain days are Sports & Games, Arts & Crafts, Soccer, Hip Hop and Cheerleading. There will be no makeup days offered if a rain day should occur, except where noted.

OYA Extras

Golf Camp

As one of our most popular camps, this program, which features two days on the course, historically fills to capacity. We would like to thank in advance Heather Highlands and their employees for the hospitality they have shown our up and coming professionals the last nine summers. Both Heather Highlands and Oakland Yard Athletics are firmly committed to the development of junior golf. **All campers will receive a copy of the USGA 2006 Rules of Golf on the first day of camp.**

Campers will start their week on Monday with an evaluation of skills by our counselors. Swing, grip and stance will be among topics of discussion and practice. On Tuesday, each team will start practicing for Wednesday's team target shooting contest. Wednesday's contest will challenge each team with long iron, chipping, sand trap and putting targets. Team scores will be kept, and the winning teams will be awarded championship shirts. Then on Thursday and Friday it's off to Heather Highlands for 9 holes of golf each day. Thursday's outing will be 'best ball'. Friday's outing will be a team style 'Ryder Cup Match'. The OYA school bus will transport golfers to Heather Highlands. Both outings will be closely supervised (1 coach per group). Important note to parents: Golf groups will be selected by our golf camp director. Every effort will be made to keep friends together. This camp is open to boys and girls, **ages 7 to 15**. Each camp is limited to 36 golfers. Camp fee includes lunch Thursday and Friday. Radio Control Camp

Oakland Yard is the only place your child can crash an expensive electric radio controlled(RC) airplane without getting into trouble, or cause a 12-car pile-up and not get a ticket! Oakland Yard has electric, RC planes (wing span of 3.5 feet) and cars for campers to use all week. Campers will receive personal flight instruction through the use of a buddy box. Most students will gain enough knowledge and skill to be flying solo by week's end! When not flying, campers will learn how to race off-road RC cars (1/10th scale). These planes and off-road cars are serious little toys. This camp is open to boys and girls, **ages 10 and up**. Each camp is limited to 10 campers.

Make one of the best childhood memories of camping a reality for your child. This camp will help to prepare your child for a day in the wilderness or next fall's hunting trip to the wilds of Northern Michigan.

All campers will participate in a variety of exercises geared for survival in the wilderness.

Wednesday-Campers will spend this day preparing for a Thursday overnight outing. Teams will successfully master the GPS (Global Positioning System) as well as a compass. The later part of the day will be spent using the GPS and compass to compete in a way-point race between the teams.

Thursday/Friday-Campers will arrive at Oakland Yard in the morning prepared to spend the evening camping at Brighton Recreation Area on Bishop Lake. Campers will spend the evening setting up a campsite, cooking their dinner over an open fire, discussing first aid survival, and enjoying an evening in the great outdoors. Campers will spend the week at Oakland Yard on our very own low ropes course, specifically designed for children. This challenging series of ropes, ladders, platforms, and zip lines were put together to enhance our young campers confidence in group settings. We are confident this camp will be a lasting experience for all those that take the Adventure Ropes Course challenge.

Campers will be divided into two teams of six on day one and actively participate in team building exercises to build trust using proven methods practiced by the British Army since World War I. By day two, both teams will take to the course, gradually working their way up to more challenging two and three person obstacles. With no child ever being over 3' off the ground, this camp will inspire and progressively confront all campers with obstacles they would not come across in your average summer vacation. Bird House & Feeder Construction Camp

A favorite past time of Oakland Yard Athletics co-owner Philip Douse, this camp will be for younger campers only. Children will build and paint at least two houses and/or feeders. They'll take home all projects and a bird watching book. Those speedy builders will be more than welcome to start a third project and complete it at home once camp concludes. For their first project, campers will have an opportunity to choose from several different houses and feeder designs while taking into consideration what models will best fit into their neighborhood. These models will be assembled using pre-cut pieces. As a second project, children will have to develop their own blueprint (with assistance from the staff), then construct their design using natural materials found in Mother Nature's forest.

Camp is limited to 12 campers per week and is open to boys and girls ages 6 to 10.

This week long camp will include hands-on instruction in the mind warfare of chess and backgammon, as well as the less intense game of checkers. Even the novice chess player is welcome to join in this week of instruction, play and competition because players will be paired up with opponents based on skill. Players will get the chance to dethrone resident chess diety Martin "Fischer" Greenspan. Week long instruction and play will be in preparation for a chess/backgammon tournament on Friday. Car Town

This camp is designed with the little want-to-be driver in mind. Children who love cars and trucks will be head-over-heels for this camp. Campers will be assigned their own electric car to drive and maintain throughout the week while they learn the 'rules of the road' and 'car care'. We'll be attempting to put a fun/educational spin on ownership, maintenance, and operation of a car just like mom and dad! All campers will start out with \$1,000 of play money, with the hopes of having a little left over by Friday. They'll have to navigate several obstacles each day: the used car salesman, the car insurance representative, auto mechanics, and the police. All will be portrayed in a positive light, with each experience being educational.

Campers will earn their drivers license by taking a written and practical driving test prior to getting the keys to their new ride. Not to worry moms and dads, these cars don't go very fast and the written test is designed for all to pass. Throughout the week, campers will learn the essentials of 'auto economics': fuel, speeding tickets, insurance fees, and maintenance. Practical knowledge will also be part of the fun including parking, four-way stops, pedestrian and bicycle safety, merging, changing lanes, and obeying traffic signs in preparation for an educational race on Friday. This e-race will feature teams of drivers solving multiple driving related problems like traffic stops, insurance claims, service station run-arounds, and traffic delays all in an effort to cross the finish line. This camp is open to boys and girls, **ages 5 to 7**. Space is limited to 8 drivers. Lunch is served daily at 11:30am.

This camp is designed for the camper interested in art and the built world around them. Campers will spend the week discussing design principles for cities and the urban landscape, aesthetics and functional form in architecture, the impact that the built world has on the environment, historical perspective and social responsibility, as well as the many careers associated with architecture like interior architecture, urban design, landscape architecture and community planning. Each day, campers will participate in hands-on exercises and technical demonstrations dealing with the design and construction of buildings, bridges and other structures. Campers will participate in teams to build a balsa wood tower based on the ideas discussed during the week and compete in a load bearing competition with their structures on Friday. Teams will be awarded points based on the height of their tower and the amount of bricks that it can hold before crushing under the weight of the bricks stacked on top of it. In addition to this project, a local architect will spend a day with campers discussing his career and business, explaining blueprints and how they become reality and answering camper's questions.

This camp is open to boys and girls, **ages 8 to 13**. Space is limited to 12 campers.

NEW CAMPS FOR 2006!

Treasure Hunting Camp

How did you think Black Beard and the Egyptian Tomb hunters got their experience? Does 'X' really mark the spot? They learned their skills through trial and error; this camp will challenge the Indian Jones' of the future. Kids will have to use magnifying glasses, binoculars, shovels, mirrors, ropes, metal detectors, dictionaries, their minds, and their fellow campers to crack the codes that lead to the day's treasure. Just like the weekly New York Times crossword puzzles, the codes and clues will get more and more difficult as the week progresses. Rhymes, riddles, maps, keys; these will also be part of the camp that will puzzle our young hunters daily. The treasure that these hunters find will not only be tasty and valuable, but it will also be used to start the next days adventure.

Camps will be age appropriate with clues and codes designed to challenge both age groups. Each week will be open to the first 12 campers. Two different age groups will be offered.

X-Games Roller Blade

Looking to get some quality ramp time? Not so interested in skateboarding? Want professional help using those roller blades? Well, each week of X-Games camp, you'll be able to find our resident roller blade hotshot Grady 'Flash' Stevens flying over the OYA ramps and rails. New for this year we'll have a roller blade pro teaching just the kids interested in skating over our equipment. This camp will take place at the same time as our skate boarding kids get use of the ramps, but it will meet and be totally independent of the skateboarding crowd. We'll lower the number of skate boarders in the skateboard program keeping the ratio on the park the same. This camp is open to boys and girls **ages 7 to 13**. Space is limited to 12 campers per session.

Extreme Racing

Does your kid have a BMX bike and helmet? Do they crave the rush of speed and adrenalin? Are they making jumps and ramps around the neighborhood? Well it's time for the first annual Tour de Yard! On Monday and Tuesday, a different course will be mapped out using the whole 10-acre facility. These different course layouts will include jumps and ramps that will prepare racers for off-site racing on Wednesday and Thursday. Racers, and their bikes, will be transported to the Waterford Oaks BMX Track, the site of the Great Lakes National BMX Race in August. Friday's race at OYA will challenge the campers not only physically, but also mentally, as they'll need to incorporate all of the week's obstacles into the race. Races will be in the team form and in a singles format. Who will wear the yellow jersey during lunch on Friday?

Cross-training activities that will keep the racers sharp throughout the week include the ropes course and lacrosse. Both of these team building activities will help to challenge and build up the strength and endurance of the campers. This camp is open to boys and girls **ages 8 to 12**. Space is limited to 12 campers per session. Bikes and all protective equipment can be stored safely at OYA for the week. Camp includes the camp wide pizza lunch on Friday.

Under the Water

It's time to explore the world that once existed and presently exists under the world's seas and lakes. Give your little explorer the gift of exploration and activity during this week of fun. We'll start out learning about the monsters that once swam during the dinosaur days. After seeing and learning, campers will build three-dimensional models of these creatures to take home. Tuesday, it's the ocean and all its glory, from sharks to sea anemones. We'll bring in living salt-water surprises to hold and study. On Wednesday, we'll look closer to home. What's swimming in our back yard? What's swimming in the waters of Michigan, from the great lakes to the inland lakes swim in and ski on? Then on Thursday, it's off to Indian Springs Metropark's Nature Center to learn more about their pond study program. Indian Springs Certified Naturalists will guide children through the pond study program. Afterwards, all campers will get access to Indian Springs all-new spray park, rock wall, and maze, followed by a picnic lunch! Lunch is served daily at 11:30am. This camp is open to boys and girls **ages 6 to 9**. Space is limited to 12 campers per session.

RC Boating

This three-day camp after the 4th of July break will feature the coolest toys on water. All kids will get to keep the Off-Shore Racer that is included in this camp. On the first day of camp (Wednesday the 5th) all campers will assemble and personalize their own deep-v offshore speedboat. The assembly will consume the majority of the day. Thursday and Friday it's off to the races! Where better to race than at Pontiac Lake Recreation area. Our camp director will set different courses throughout both days as the kids race from the dock. This camp is open to boys and girls **ages 8 to 14**. Space is limited to 6 campers per session.

Camp includes: Hobbico Aquacraft electric deep V racer, Piranha charger, and a 7.2 volt battery.

Fly Fishing

This type of fishing has been referred to as 'hunting fish', using your brain first, and luck second. Like our three day RC Boat camp, the Fly Fishing camp will run the three days after the 4th of July only. Target casting using different line weights, reeling under tension, and knot tying will be stressed. It will be our intention to get these first time fly fishermen on the river with their parents or grandparents successfully this summer. If campers have their own fly equipment they are welcome to bring their own, otherwise they will be provided a beginner fly rod and reel to use for the three-day course. This camp is open to boys and girls **ages 9 to 14**. Space is limited to 12 campers per session. Due to the unavailability of local quality fly-fishing rivers, this camp will begin the teaching process for proper casting and fly making on land only.

NEW CAMPS FOR 2006!

Baby-Sitters Camp

This weeklong camp will provide your child with the knowledge and skills needed to be a great baby-sitter. At the beginning of the week, campers will learn the basics of baby-sitting: heating bottles, changing diapers, and properly holding a child. They will also learn how to handle various situations that may arise while baby-sitting; message taking, emergency situations, and security procedures. Throughout the rest of the week, campers will learn numerous games and activities they can do with children of different ages. Wednesday campers will spend the day learning about emergency preparation and what to do if a child has a fever, gets a scrape, deep cut, or bloody nose. They will also see a presentation on the proper way to perform CPR. Before sending these future sitters out into the world they will have a chance to test their sitting skills. On Friday campers will be split into groups and assist in the running of Oakland Yard's Mom's & Tot's Camp, children ages 2-4. Their challenge will be to lead the children in a group game or activity, which our sitters will learn during the week. While leading the activity, Oakland Yard Counselors will be there to guide them should any assistance be required. Camp includes 'Baby-Sitters Guide Book'. This camp is open to boys and girls **ages 11 to 14**. Space is limited to 12 campers per session.

Princess Camp

Does your little girl dream of finding her prince charming or being rescued by a knight in shining armor? Is her role model Sleeping Beauty, Princess Fiona, Princess Jasmin or Belle? Here is a chance for your princess to participate in a week of fun and fantasy while creating her own fairy tale kingdom to preside over.

This 'creative play' camp is for little girls, ages 4 to 7. Our Fairy Godmother instructors will assist your little princess in creating their own world of make believe through various projects, music, and story telling. Campers will take home funky fairy puppets, fairy princess door signs, fairyland painting and the items essential to every fairy princess wardrobe: a tiara, wand and sparkly wings. On Friday, moms, dads and guests will be treated to a Fairy Princess fashion show and parade.

When these little beauties get hot, a trip down the slip-n-slide (without wings) will be in order so be sure to pack a bathing suit and beach towel. Lunch will be served at 11:30am daily. This camp is open to girls **ages 4 to 7**. Space is limited to 10 campers per session.

Comic Book

Calling all budding artists with a specific interest in comic books and cartooning. Whether your interests lie in the classics such as Spiderman or Incredible Hulk or the modern day Japanimation, you'll spend the week putting your ideas into your very own comic book. Who knows? You may be the creator of the next modern day hero? Campers will spend the week putting together a comic book from start to finish. Focus will be placed on character and story line development and artwork conceptualization. A series of roughs and editing will lead to a finished product. Campers will truly be the artist, author, and editor of their own comic book with the week culminating in the printing of the first edition of their story. This camp is open to boys and girls **ages 7 to 12**. Space is limited to 12 campers per session.
